

St. Therese Chinese Catholic School develops global citizens who are motivated to learn, serve, and care for others

Holistic, rigorous, and global curriculum

- Aligned with Common Core standards and Archdiocese objectives
- 90-minute blocks of math and English/language arts in grades 1-8th
- High school-level instruction in algebra and geometry
- Multilingual instruction, offering both Mandarin and Spanish for all grades
- Academically-based early childhood curriculum

Faith Formation Program rooted in faith and justice

- Religious instruction daily for all grade levels
- All-school Masses and Sunday Family Masses
- Sacramental preparation
- Service-oriented program and culture

Technology to support engagement and enhance learning

- Promethean interactive white boards in every classroom
- Class sets of iPads for all early childhood and primary grade classrooms
- Dedicated Chromebooks for each 5th through 8th grade student
- Innovations Lab supports computer programming, 3D digital design, moviemaking, and other applications
- Classrooms designed as Learning Labs, incorporating interactive Chromebooks, pod seating and coordinated technology

Enrichment programs nurture the whole child

- Music and arts curriculum in all grades supports intellectual, social-emotional, and cultural development
- Physical education that promotes benefits of physical activity along with the cooperation and skills through team sports
- Student Leadership development with National Junior Honor Society, Student Youth Council
- Service project opportunities outside of school

Ideal learning environment for students and teachers

- Low student:teacher ratio
- Strong community that includes families, teachers, and parishioners
- Continuous professional development for teachers
