St. Therese Students Learn About Religious Vocations From Maryknoll Sisters and Deacon Dan

This past April 29th we were blessed with the presence of two religious sisters and one priest candidate who provided personal testimonies on vocations and religious life to our school children.

Before arriving, students prepared questions for Sister's Gloria and Mary Lou. "We were very impressed with the depth of their questions, Sister Gloria replied. "It is a blessing to accompany young people while they search for their true vocation."

"It was not so long ago when I was an 8th grader," commented Deacon Dan. "It is amazing to see how much has changed since I made a commitment to joining Maryknoll and preparing myself to be a missionary priest."
